

Job Announcement

Job Title: Mechanical Technician
Department: Machine Assembly
Reports to: Assembly Supervisor
Date: March 1, 2023

Announcement:

Ross Industries Inc. is the world leader and manufacturer of commercial food processing and packaging equipment. Ross is seeking Mechanical Technicians who will use their specialized skills and talents to support the manufacturing department, as well as continually improve the products and services we provide to our customers.

Duties & Responsibilities:

- Apply knowledge of hydraulics, electrical circuits, mechanics, pneumatics, and hydraulic testing equipment to complete work assignments
- Use technical manuals, schematic drawings, and blueprints to determine tasks to be performed
- Position parts and sub-assemblies by using templates or reading measurements
- Build and troubleshoot mechanical, hydraulic, pneumatic and electrical/electronic equipment, including programmable controls, numeral controls, power supplies, drives, gages and test equipment
- Documents actions by completing production, quality, or engineering forms
- Maintains work area and equipment in a clean and orderly condition and follows prescribed safety regulations
- Practices lean manufacturing and/or continuous improvement methodologies

Requirements:

- Strong mechanical aptitude of building, constructing, and assembling large mechanical systems and machines
- Good quality mechanical and/or electronic ability is a must; a combination of both is preferred
- Experience with using different types of pneumatic and electrical tools including air tools, lift and moving devices, drills, and an assortment of hand tools
- Able to read, understand and analyze machine drawings, models, and electrical schematics
- Well organized with an aptitude for details
- Able to communicate clearly and effectively both orally and in writing
- Able to work independently as well as within a group to resolve problems and/or issues
- Able to stand and walk most the day. Able to lift 50 pounds on a regular basis and 75 pounds with assistance

Physical mobility to include but not limited to stretching, lifting, bending, twisting, etc.) is required to perform job duties

Able to work required overtime to include evenings and some weekends

Education and Training:

- High School Diploma or equivalent
- Graduate from Technical or Vocational School or AA in related field preferred
- Valid Driver's License

These positions are full time, and the full Benefits Package is included. Typical work schedule is Monday – Friday 7:00 AM to 3:30 PM, with availability for OT.

Ross Industries is an EEO Employer.
